

Virtual International Symposium **CATARACT SURGERY APPROPRIATENESS AND PRIORITIZATION**

About this symposium

We seek to invite an international group of research and clinical leaders who are experts in eye care, cataract surgery, health services, and health economics

**We aim to build
international
collaborations to
explore health
provision
opportunities**

- **Appropriateness and
Prioritization tools**
- **Large-scale person-
centred care models**
- **Emerging strategies**
- **Gender and equity
considerations**

MAY 12 - 13, 2023
